

## Miramar Boardwalk

Miramar, Florida

### PROJECT SUMMARY

Broward County Parks and Recreations Division opened Miramar Pinelands in 2013. This diverse site features a regional park, nature center and natural area. The feature of the wetlands area is a long meandering boardwalk fabricated from Gator's aluminum fixed pier sections. Additionally an elevated boardwalk with a octagonal overlook platform provides views of the marshlands and migratory birds. Unique railing and a gazebo roof structure are some of the custom details of this project.

**Installation**  
2013
